Professional Experience

- Software Developer Intern** | Coveo **Summer 2023**
- Coveo is a software-as-a-service search engine powered by artificial intelligence
 - Selected to revamp the user interface for the admin console that customers use to set up their desired search functionality
 - Shadowed and helped develop a Gen AI component for the Coveo search product
- Software Engineer Intern** | VerticalScope Inc. **Summer 2022**
- VerticalScope is a tech company that develops and operates a cloud-based digital community platform
 - Primarily worked on bug fixes and developing/implementing new features using pair programming and test-driven development
 - Completed a large group project tasked to create an application to run tools with specific functionalities across company sites.
 - Selected to contribute in a new company initiative by participating in brainstorming process, completing book report on relevant information, and completing multiple competitor analysis reports.
- Course Maintenance** | Ladies Golf Club of Toronto **Summer 2021**
- The Ladies Golf Club is a private golf club located in Thornhill, Ontario.
 - Performed tasks which assisted in the upkeep of the golf course grounds
 - Selected out of all maintenance employees to be the only hole changer for the summer golf season
 - Reliability and punctuality necessary due to team work setting, 5:30AM start times, and only 2 days off every 14 days
- Summer Intern** | The Mitchell Partnership **Summer 2019**
- The Mitchell Partnership is a mechanical building services consulting engineering company located in Toronto, Ontario.
 - Worked on various tasks such as maximizing data storage space, analyzing project blueprints, and area calculations for projects.
 - Selected to complete area optimization, calculations, and verifications based on HVAC for a current building project
 - Required listening skills, ability to communicate, and organize/plan in order to successfully work with other summer interns

Achievements, Skills, Leadership, and Personal

- Academic All Canadian (Track and Field and Cross Country)
